

PET GROUNDHOG PREDICTS EARLY SPRING IN 1910

Animal Retired in October
and Never Came Out
Until Today.

It is Now Playing Around
the Yard.

NO SUNSHINE OR SHADOWS

An early spring is predicted by the Paducah groundhog. This observation is not made by watching the clouds for a possible ray of sunshine, but by watching the groundhog. It came out of its hole for the first time today since October, and is playing on the porch.

This is a true story. Captain Mason Smith, of the town boat Russell Lord, brought a groundhog, about eighteen months old, back from the Tennessee river, and fixed a house for the animal at his home, 622 Fountain avenue. This was in the fall.

Captain Mason dug a hole for the groundhog and lined it with paper to make it snug and warm. In October the groundhog retired for the winter and never came out until today. The family watched its habits closely just from curiosity.

The ground hog came out today and has been playing around since morning.

Those who believe in ground hog prophecies, considering the severity of the winter and the continued cold, find much encouragement in these observations. The sun rose this morning behind a haze of clouds that completely overcast the sky. Just before noon there were indications of clearing weather, but shortly after noon it commenced raining.

Seekers After True Knowledge.

Dickson, Tenn., Feb. 2.—The Dickson Groundhog club, composed of a number of Dickson youths, has been busy the past week locating groundhog burrows in this locality, and in consequence two or more members of the club have been assigned to watch on groundhog day, every hole, from sunup to sundown, and report the results at the meeting of the club Wednesday night. The object is to ascertain if there is any truth in the traditional groundhog day, and furthermore if the varmints venture a sufficient distance from their dens, to capture and cage them and thereby put a quietus on their weather manipulations. It is expected that some rather thrilling experiences may be related, as much of the most determined and daring blood of the community is interested.

Recovering From Burns.

Harry, the four-year-old son of Mrs. Bertie Cruse, of Pope county, Ill., is rapidly improving from serious burns received over the face and body January 10 at his home. He was brought to Paducah for treatment and little hope for his recovery was held at the start. His condition is becoming such that he will be able to be taken home in a short time.

Witness Says He Was Drunk.

Fulton, Ky., Feb. 2. (Special.)—At a special term of court John P. H. Tomlin, Lem Hunter and The Boaz were released on \$500 bail on the charge of killing R. J. Buggs, Carl Wagster, chief witness against them, testified that the officers got him drunk and forced him to tell the story to the grand jury, which returned the indictment, promising to pay him \$25. Officers charged with influencing Wagster deny his story. He claims also that he was promised freedom from jail, where he was confined for bootlegging.

Serious Fire Loss.

Helena, Mont., Feb. 2.—After extinguishing a fire which threatened to wipe out the famous mining camp of the Marysville company, the Helena fire department returned here today. The fire destroyed a theater, two meat markets, several saloons, a drug store and a number of empty buildings, comprising a block and a half of the business section. The loss is estimated at \$100,000.

LARGE ATTENDANCE AT
FIRST BAPTIST REVIVAL

Large audiences are attending the revival at the First Baptist church this week. The Rev. T. T. Martin, of Blue Mountain, Miss., who is assisting the pastor, the Rev. M. E. Dodd, is a pleasant speaker and his sermons are of unusual force. Mr. and Mrs. T. P. Scholfield rank with the best evangelistic singers, who have visited Paducah. Services are held every afternoon at 2:30 o'clock and every evening at 7:30 o'clock.

Legislature Adjourns Today In Honor of Memory of Goebel Until Next Monday—McCreary Speaks

Senator Eaton's Bill, Increasing Requirements of Admission to State Bar Passes Upper House This Morning.

Frankfort, Ky., Feb. 2. (Special.)—Former Senator McCreary spoke to both houses. The senate passed the Eaton bill, providing for a state board of law examiners to be appointed by the appellate court to examine prospective lawyers.

When the senate resolution, appropriating \$1,200 for extra help, came up today Senator Bertram spoke vigorously against it, declaring the employment was for "questionable purposes," and said he was opposed to grafting expenses contrary to the constitution. Senator Eaton moved to amend by substituting the chief clerk as dispenser of funds in the place of sergeant-at-arms. Senator Louis Arnett resented Eaton's statement as a reflection on Mott Ayres, sergeant-at-arms, but Eaton said he did not mean it that way. Eaton's amendment was voted down and the original resolution adopted.

The senate passed the bill, increasing the board of health appropriation from \$5,000 to \$30,000, following the plea of Dr. McCormack.

SECOND DISTRICT HAS A PRIMARY TODAY

Owensboro, Ky., Feb. 2.—The campaign by the congressional candidates is over. Today the Democrats of the Second district are making a choice of one of the three for party standard bearer. Hon. LaVega Clemens is the candidate of Davies, Judge C. C. Givens, of Hopkins, and Hon. A. O. Stanley, of Henderson.

Railroad Conditions.

Louisville, Ky., Feb. 2.—Forty railroad traffic men, representing lines running out of Louisville and subsidiary lines, were present at a meeting of the Southeastern Mississippi Valley association held here today. The meeting was for the purpose of discussing various railroad conditions, for the regulation and classifying of rates. W. P. Washburn, superintendent of the association, presided.

METHODIST CIRCUIT STEWARDS' MEETING

Stewards of the Paducah circuit, Methodist church, met this morning in the pastor's study at the Broadway church with the Rev. W. J. Naylor, and made the following apportionment of \$800 salary for pastor and \$75 for the presiding elder: Lebanon, \$197; Lone Oak, \$140; Massac, \$197; McKendree, \$220; Salem, \$115. May was fixed upon for the laymen's missionary movement and a two days' meeting will be held at each church. A. W. Rickman of McKendree, was chairman, and Mr. Jones of Massac secretary.

Hoodoo Haunted Groom Deserts--Wife Insane

Starkville, Miss., Feb. 2.—Death of her father and desertion by her husband have turned the mind of Mrs. T. J. Ashley, daughter of General Wood, a wealthy planter. She married while her father lay dying and physicians say only her husband's return can bring about her recovery. Her father, who felt that he was dying, expressed the wish that he might see her married. Ashley, the girl's fiancé, consented to a hasty wedding and the minister was called. While the ceremony was under way General Wood died and the minister's blessing was changed to a prayer for the repose of the soul of the bride's father. Ashley left as soon as the ceremony was over. Now, he has sent back word that he'll never return to his wife. He says his marriage was overcast by the shadow of death and it would be a hoodoo that would haunt him all his life.

BLACK HAND.
Edwardsville, Ill., Feb. 2.—Three Italians: Louis Blondo, Frank Scolla and Joseph Palazzolo, were today found guilty of being members of the Black Hand society and sending threatening letters to L. F. Lumaghi, a fellow countryman. They demanded \$6,000, threatening death, if the demand was refused. According to testimony submitted at the trial, the motto of the society was "money or death."

LODGE PROPOSES A FOOD INQUIRY

PRESIDENT TAFT TELLS FARMERS' UNION DELEGATES HE IS WITH THEM.

WASHINGTON, Feb. 2.—A resolution to investigate the increased cost of living was introduced in the senate today by Senator Lodge. It provides for a select committee of five senators and follows closely the lines of the Elkins' resolution presented a month ago. The measure was referred to the committee on finance. It gives sweeping authority and directs an inquiry into the prices for necessities of life, cost of production at home and abroad, possible effect of tariff on prices and all other features of the situation.

The senate committee now investigating the cost of high living are, Elkins, resolution before committee on contingent expenses, McCumber resolution before agricultural committee, and Lodge resolution before finance committee.

The committee from the national farmers' union, headed by C. S. Barrett, president of the organization, called on President Taft today in relation to legislation on the question of gambling in futures. The president talked with them for some time and said he is in favor of a law, which would prevent speculation in the necessities of life.

Funerals This Afternoon

The funeral of Mrs. Frances Smith Langstaff was held this afternoon at 3 o'clock at the residence, 809 Broadway, the Rev. D. C. Wright, pastor of the Grace Episcopal church, officiating. The following were pallbearers: Hon. Charles K. Wheeler, and Messrs. S. A. Fowler, Lawrence Dillam, M. E. Nash, Muscoe Burnett and W. F. Bradshaw, Jr.

Funeral of Mrs. Mills

The funeral of Mrs. Nannie E. Mills took place this afternoon at 3 o'clock at the residence of Mr. and Mrs. Vasseur, 643 Elizabeth street, the Rev. M. E. Dodd, pastor of the First Baptist church, officiating. The following acted as pallbearers: Hon. D. A. Yelzer, and Messrs. John Bonds, C. F. Rieko, J. Wallerstein, J. S. Smith and W. A. Lawrence.

Mr. Rainey T. Wells, of Murray, arrived in the city last night.

PRINCIPAL AND INTEREST MAY BE GIVEN HOSPITAL

City May Borrow Bornemann Bequest and Spend in On Riverside Ward.

Fountain Money Has Many Conditions to It.

AND IT MAY NOT BE ACCEPTED

Three city executive boards will meet this week. The board of health will meet tomorrow morning at 9, the sinking fund commissioners will meet at 1:30 to take steps for the retirement of outstanding bonds; and the hospital board meet Friday at 1:30 to consider the acceptance of the \$2,500, divided to the Riverside hospital by the late William Bornemann. The will provides that the money shall be invested in some good securities and that the income shall be used for a ward at the hospital. If it is legal, the board may decide to propose that the city borrow the \$2,500 and spend it in adding a wing or some other improvement to the hospital, paying six percent interest on the loan, the interest to go to the maintenance of the ward. In this way the hospital would get the advantage of both principal and interest. If possible the loan would be made perpetual, thus securing a safe investment for the money.

The Fountain Fund

There is some doubt as to whether the city will accept the gift for the establishment of six public drinking fountains in the will of the late William Bornemann, who gave \$3,000 on condition that the water company provide the water without cost, while the city must maintain a cooling device. The city has only the D. A. R. fountain at Fifth street and Broadway.

The bequest of \$2,500 each in trust for the Home of the Friendless and the Riverside hospital will be accepted. The equipping of the six fountains with cooling devices or ice would entail considerable expense upon the city during a year.

The paragraph in the will reads: "I hereby give and bequeath unto the mayor of the city of Paducah, who shall be in office and acting at the time of my death, the sum of \$3,000 for the purpose of establishing six drinking fountains at suitable places in the city of Paducah at a cost of \$500 each upon condition that a continual supply of water be provided for such fountains by the water company without cost and cooling devices be maintained at the city's expense. My hereinafter named executor is directed to pay the sum herein set apart upon the establishment of such fountains in accordance with the provisions of this clause."

BETTIE OWEN IS IN SERIOUS FIX

SHE LIES STRANDED IN A CORNFIELD AND WATER RECEDES.

The ferryboat Bettie Owen, is lying in a perilous position in a cornfield across from Brookport, 100 feet back from the willows. She is hard aground in five feet of water, which is gradually receding, and she is lying in a strained position. Efforts are being made to raise her today and bring her to the ways. Haste is necessary, because when the river goes down the boat will be left stranded, a total wreck. It is impossible to tell what is the matter with the boat until she is raised.

School Trustee Resigns

School Trustee John Niehaus has sent in his resignation to the school board. He was one of the holdover members of the board. His inability to attend meetings because of his business was the reason for his resignation. The resignation will be accepted at the next meeting of the board, and a successor elected.

Caused By Carelessness.

Primero, Feb. 2.—The explosion The rescuers reached entry 12 A. Fuel & Iron company, causing the death of at least 79 men, was caused by the explosion of fire damp, caused by a survivor of the former explosion in the same mine, in which 24 lives were lost. He holds that the explosion was caused by the ignition of gas from a flame originated probably through the carelessness of some miner in direct violation to the rules, either through crimping the cap for a fuse, or lighting a match.

The officials assert that the cause will never be determined until the workings are cleared and a thorough investigation made.

The Primero mine was equipped with the most modern appliances, the miners carrying safety lamps and all were searched for matches before they were allowed to enter. In the main mine of the Colorado seven-eighths of a mile from the mouth. A check of the bodies recovered reveals forty-seven removed, leaving thirty-two inside.

A force of men are digging graves in cemeteries at Trinidad, where the bodies will be taken. Seventy coffins have already arrived. In the list of the unknown dead are:

Dave Williams, Jack Elias, Wm. Heim, Jas. Rummings, Ed. Raff, all Americans. The other known dead are negroes, Mexicans, Italians, Slavs and Japanese.

Thirty-three Dead, Two Missing and One Fatally Injured Result of Elk Valley Mine Catastrophe

Miner's Lamp Ignites Gas in Unused Portion of Workings and Terrific Explosion Follows—Fire in Illinois Mine

Drakesboro, Ky., Feb. 2. (Special.)—Thirty-three dead, two missing and a half dozen injured, one fatally, completes the list of casualties at the explosion of the mine of the Elk Valley Coal company, at Browder, near here, yesterday about noon. The names of only a few of the dead have yet been learned, as the bodies of the victims are so mutilated that recognition is practically impossible. It may be some hours before their identities are established.

The dead included Roy Bennett, Max English, Matthew Lloyd, Wm. Richardson, Judge Allen, William Whittaker, John Richardson, E. E. Cornett, Cornett, Alex Williams, Charles Williams, Edgar Mitchell, J. D. Steele, Charles Whitney, James Whitney, T. H. Kelly and 12 negroes.

In addition to these, Pete Kelly, mine foreman, is missing and it is not known whether he is still in the mine or whether he made his escape. One unknown man is missing. Five or six men are injured. A man of the name of Jesse Jennings, white, is the only one injured who is believed to be fatally hurt.

The explosion occurred yesterday before noon and was supposed to be caused by a miner going into an unused portion of the mine where gas had accumulated. His miners' lamp is believed to have set on fire the gas, causing an explosion of such force as to cause the immediate death of all those working in the eastern wing of the mine.

About 50 men were in the workings when the explosion occurred. A number of them succeeded in making their escape to safety, but nearly 40 miners were thrown to the earth by the shock and before they could make another effort to escape they were either smothered or burned by the flames, which followed.

Most of the men are from Ohio, McClann, Logan and Muhlenburg counties.

As soon as it was safe to begin with the rescue work, miners were sent down in relays, under direction of J. Abercrombie, mine foreman, and C. Reynolds, the mine superintendent.

In the immediate vicinity of the explosion ten men had been working. The pit mouth presents a pitiful scene today, with the shrieking wives and children of the dead and missing miners crowded about waiting reports from the rescuers.

The mine is on the O. and N. division of the Louisville and Nashville railroad, between Drakesboro and Browder station.

As the mine is difficult of access, the rescue work is necessarily slow and danger of cave-ins and more explosions add further hazard to the work.

The Browder coal mine was formerly owned by the W. A. Wickliffe Coal company, but recently passed into the hands of the Elk Valley Coal Mining company, in which concern a number of Memphis and other Tennessee capitalists are interested.

SEINE RETURNS TO ITS BANKS

RIVER IS STILL FAR ABOVE NORMAL—GREEKS ARE READY FOR WAR.

Paris, Feb. 2.—The Seine is many feet above normal height still, but it is practically within its old bed today.

The Seine has dropped 44 inches from the maximum height. Conditions are rapidly improving in the center of the city, but lawlessness in the outlying districts is almost uncomparable. A gang of four men and four women cruising around Alfortville on a raft looting houses was captured after a hard fight in which two of the gendarmes were seriously wounded. The police had a second and harder fight to save the gang from death at the hands of a mob.

The relief funds are keeping pace with the demands upon them, the response from America being particularly generous. A serious situation confronting the authorities is the burial of the dead, as almost all the cemeteries near the city are flooded.

Greece Prepares for War.

Constantinople, Feb. 2.—The Turkish minister of foreign affairs was today instructed to warn Greece that, unless her war preparations stop immediately, Turkey will consider them as a casus belli, and take the offensive against Greece. Today's dispatches from Greece say all available reserves are being mobilized, independent companies are being organized in the villages and subscriptions are being raised to support these irregular bands.

PETITIONS FROM THREE ROADS ASK FOR IMPROVEMENT

Lovelaceville, Cairo and Hinkleville Roads May Be Graveled.

Residents Offer to Share the Expense.

COUNTY JUDGE FAVORS PLAN

Petitions are being circulated over McCracken county by residents offering to pay half of the expense if the county will gravel the Cairo, Hinkleville and Lovelaceville roads this summer. There is no doubt that the roads will be improved by graveling, as County Judge Barkley has expressed his sentiment favoring it, while the people are so eager for improved roads that they will pay half of the cost.

During the summer it is expected at least 15 miles of the public roads will be gravelled. As yet the plans have not been outlined definitely, but it is proposed to gravel the Cairo road to the Ballard county line, the Hinkleville road to Lamont and the Lovelaceville road to Massac. The improved roads would be of much advantage to Paducah, and will increase the value of property in the county.

There seems to be an awakening to the value of good roads among the residents of the county. This winter because of the severe winter and the thaw the dirt roads have been almost impassable and the need of the improved roadways has been impressed deeply upon the farmers who have been delayed in hauling their tobacco and produce into the city.

Few Bridges.

That fewer concrete bridges will be built in McCracken county this year is an announcement made by County Judge Barkley. With the completion of the concrete bridge over Clark's river all of the bridges will be in fair condition. The road and bridge fund has a deficit of about \$10,000, which was handed over to the present administration. It is the intention to wipe out this debt this year and cease paying interest on the money and next year to have more money for the extending of the mileage of improved roads in the county.

It is thought that 15 miles of roads can be gravelled this summer. The petitions are being signed by the county residents now and probably will be presented to the fiscal court at the regular March meeting.

The graveling of the Cairo road to the Ballard county line will result in much trade coming from Ballard county. The road is gravelled to within a few miles of the county line now. The graveling of the Lovelaceville road to Massac and the Hinkleville road to Lamont will be great improvements for the county.

Didn't Know It Was Loaded

While handling an "unloaded" pistol, James Pruitt, a young man residing at 1029 South Third street, was shot through the left hand. The ball was 44 calibre and passed through the palm, fracturing several bones in the hand. Dr. J. D. Pendley was called and dressed the injury. The hand was badly torn by the pistol ball, but the injury is expected not to give him much trouble. Pruitt said he thought the chamber was empty of cartridges.

FOR MEN MUST WORK AND WOMEN MUST WEAVE

Copenhagen, Feb. 2.—The bodies of 20 fishermen lost in the terrible gales that are sweeping the Norwegian coast, have already been washed ashore and nine fishing smacks, manned by 40 sailors, are still missing and believed to have gone down. All shipping is interrupted. The storm is the most severe in several years.

POSTMASTER A. DOWNS WILL BE REAPPOINTED

Postmaster A. Downs will serve another term as postmaster of Murray. This information was divulged today by Postmaster Frank Fisher, who was in Washington last week and learned that Mr. Downs would be appointed for another term of four years. His first term will expire April 19. During his first term Mr. Downs has done much to uphold the postoffice and is a popular citizen of Murray. Despite the fact that several applicants were seeking the plum, Mr. Downs had no trouble in securing an endorsement from the post-office department. Mr. Downs was in the city today on business.

This contractor got results.

Some years ago a contractor building a railroad in a warm climate was troubled a great deal by sickness among the laborers.

He turned his attention at once to their food and found that they were getting full rations of meat and were drinking water from a stream near by.

He issued orders to cut down the amount of meat and to increase greatly the quantity of Quaker Oats fed to the men.

He also boiled Quaker Oats and mixed the thin oatmeal water with their drinking water. Almost instantly all signs of stomach disorders passed and his men showed a decided improvement in strength and spirits. This contractor had experience that taught him the great value of good oatmeal. 53

The cost was small; 10c for regular size packages; it is also packed in hermetically sealed tins for hot climates.

BOARD OF PUBLIC WORKS MEETING**CONSIDERS GRAVEL CONTRACTS FOR STREETS.**

Relay Engine Needed at the City Lighting Plant and Other Needs.

ALL THE MEMBERS PRESENT

At a meeting of the board of public works at the city hall last night, Prof. John D. Smith, clerk pro tem., was instructed to write a letter to the general council calling its attention to the fact that there is no relay engine at the electric light plant to switch on in case of an accident to the present engine that is taxed almost to its capacity. Although an appropriation is not directly asked for, the board last night voiced its sentiments in favor of having a sum laid aside for the purchase of another engine.

The present engine was installed 16 years ago and at that time 112 lights were burned. Lights were added time after time until the present number is 219. More requests are being received by the board of works every day, and it is impossible to put on more lights with the present engine. Mr. Force said the engine could supply more lights, however, but every additional light would increase the chances of a breakdown, leaving the city in darkness with no relay engine to depend upon. Moreover, as the city is taking steps to extend the city limits more lights will be necessitated.

It is the idea to purchase a 250 horse-power engine and use the old one as a relay. The capacity of the present engine is 150 horse-power, but it is now being run at a force of 175 horse-power and is liable to break down at any moment. The boilers are adequate as well as the machine, that is sufficient to provide 200 lights.

A bid was received from Hummel Brothers, insurance agents, to furnish the city with an indemnifying policy, protecting the city against suits growing out of accidents to their employees or the general public in case of coming in contact with electric wires. The bid was received and will be held until others are sent in. Bids will be obtained from other agents.

Gravel Bids.

Bids were received from contractors for furnishing the city gravel for the year 1910 on both sides of the city. There were seven bidders, four of whom have pits inside the city limits. As it is against the ordinance to take gravel from pits inside the limits, these bids were thrown out and the certified checks of \$50 each returned to the contractors. Three bids from owners outside the limits were upheld until an inspection of each pit is made by the board. The bids from owners inside the limits were cheaper, however, but the board intends to abide by the law and besides purchase the best gravel available. The bids upheld were as follows: Richard Bell, 85 cents per cubic yard to any part of the city; A. W. Tate, 82½ cents on the south side; Thomas H. Torian, 85 cents to any part of the city.

The bids turned down were the following: W. L. Yancy, 75 cents on north side and 85 cents on south side; Robert Ballowe, \$1 on north side and 85 cents on south side; E. C. Eaker, 65 cents on north side, 75 cents on south side or 70 cents to

any part of the city; Steve Etter, 68 2-3 cents on north side, 77 cents on south side or 72 5-6 cents to any part of the city.

The board of health has complained against pits being opened inside Paducah, but it is in the power of the board of public works to let contracts for gravel from pits inside the limits. The contracts will be let next Tuesday at a meeting of the board after the inspection is made.

Conduit Wire.

The Byrd Electric company was awarded the contract to install conduit wiring for 21 Tusten lights in the interior of the market house for \$99.50. Their bids for open wiring was \$78 but the conduit system was recommended by the city electrician. The wiring will be installed under the supervision of City Electrical Inspector McPherson.

Butchers, who occupy the inside of the market house, complained of the poor air lights at the ceiling and sent in a petition asking for Tusten lights, one to be placed back of each stall and one at the scales. This makes a total of 21 lights. The wiring will carry 60 watts and strong enough for 100 watts to be used if the 60 watts prove dim. Mr. Force, superintendent of the light plant, said by the installation of the new lights the city would save a large amount of money every year. He said the cost for the current at the market house last year was \$237.

The other bidders and their figures were as follows: Mitchell Machine & Electrical company—open, \$106; conduit, \$119.50; Katterjohn & Dair—open, \$82; conduit, \$112.50. The lights will be installed immediately and the wiring will be permanent with the specified system. Each light will be at the rear of each stall and 12 feet from the floor.

Bond Furnished.

The bond of Contractors A. J. and John S. Miller & Son, of Lynchburg, Va., for the construction of concrete sidewalks on both sides of Clay street, North Twelfth street and Fountain avenue, was approved by the board and signed by President Richard Rudy. City Solicitor Campbell and City Engineer Washington had also approved it. Their bondsmen are the Fidelity and Deposit company, of Maryland, and for \$2,555 in each case of construction.

Miscellaneous.

City Marketmaster Albert Senger reported that three of the old renters of benches at the market house had given up their stands and they were open for rent. They were let to J. D. Switzer, Charles W. Rodfus and Berger & Goldthly. The bench numbers are 24, 25 and 66.

Supt. Force, of the light plant, reported that the eight extra street lights had been shipped from Schenectady, N. Y., January 29 and were expected here at any day. The order for them was placed January 10.

Street Inspector E. E. Bell, Jr., submitted his monthly report. It showed a comparison of the expenditures for that department for the month of January, 1909 and 1910. It was as follows: Payroll for January, 1909, \$411.15; same month this year, \$565.10, making an increase of \$153.95.

Expense account for January, 1909, \$400.51, for the same month this year, \$405.17, making an increase of \$5.16.

Gravel for January, 1909 amounted to \$121.68, while for the same month this year it amounted to \$246.86, including limestone rock. Mr. Bell explained that the increase in expenses, etc., was due to the fact that more employees were secured to clean the snow from the streets and also more rock was used for patchwork this year than last.

The monthly reports of Sewer Inspector Franke, Supt. W. H. Force, of the light plant, and the market master were received and filed also.

All members were present as follows: Messrs. Rudy, Lack and Kolb.

Daily Thought.
Time ripens all things. No man is born wise.—Cervantes

Reports from Paris indicate that the stream is becoming Seine again.

Rounders on the Bettie Owen can now sing "Way Down Yonder in a Corn Field."

Mr. Groundhog failed to appear in his annual performance of "sunshine and shadows."

If that course of instruction in the care of babies at the University of Missouri does not sow the seeds of race suicide, it will be a fine thing.

Joy riders take notice! The senate has passed a bill, making the punishment for running automobiles faster than the speed limit, a jail sentence of from one to six months and a fine of \$100 to \$500.

A Louisville man choked to death on a piece of beef at a free lunch counter. A piece of sole leather may not have been slipped into the plate by a meat slicer, as the police suspect; but it shows one thing to a certainty, that the strikers can hope for no success as long as the saloons are putting meat on the free lunch counter.

Retrenchment is the order in Lexington. The general council won't raise saloon licenses, so the chiefs of the police, detective and fire departments are to be cut from \$150 to \$100, the fire captains from \$65 to \$60; police captains from \$80 to \$65, and lieutenants from \$70 to \$65. The health officer is to go back from \$100 to \$75.

Having clamored for a congressional investigation of the Ballinger-Pinchot controversy, Collier's Weekly now says, "We are not worrying about the work of the investigating committee. What they do is a matter of supreme indifference to us. We are trying the case before a jury tribunal than any committee or party organization or any administration, and the dice are loaded in our favor." We have sometimes suspected that the dice were loaded.

THE JUVENILE COURT.

We observe that County Judge Barkley, acquiescing in the demands of his constituents, has appointed his father probation officer of the juvenile court, over which Judge Barkley himself presides. While we acknowledge all the dangers and disadvantages of nepotism, we insist that there are exceptions to the rule, and this ought to be one of them, depending, of course, entirely on the capacity and general fitness of the elder Barkley for the position; for, while a purely political appointee might regard the salary as something already earned when his principal was elected, paternal pride and anxiety for the success and further preferment of his son should make W. A. Barkley zealous in the performance of his duties and co-operation with the purposes of the court.

Assuming these paternal virtues in the new probation officer, we are inclined to regard the selection rather optimistically, and since the \$1,200 will be paid by the taxpayers, any way, we are just as well satisfied for it to remain in the Barkley family as to be distributed elsewhere. Consequently, speaking, we believe in a behalf of as many taxpayers as demanded the appointment of father, The Evening Sun

thinks Judge Barkley for not making the salary \$2,400, as he very well could.

We only ask that the new court and the officer make good, and to this end we invoke the aid and sympathy of the Woman's club—where would we turn for support in disinterested public enterprises did we not have the Woman's club?—and the religious organizations. This court can be made a great blessing to the community, an insurer of peace, a protection against lawlessness and a money saver. With such possibilities and the assistance of his father, can Judge Barkley ask for a greater opportunity to make himself useful and popular?

Whether an invitation should be extended by Judge Barkley to the Woman's club for a conference, concerning the work of the court, or overtures of assistance should be made by the proper department of the club, we know not. We lay it upon the consciences of both parties, trusting that mutual bashfulness will not defeat the ends of humanity. Much could be accomplished at such a conference. The conduct of a well regulated juvenile court is as different from that of a regular court of law as it well could be. The judge's first aim must be to gain the confidence of the accused, if he may be so termed. This must be done by avoiding all semblance of accusation. Once that is gained, the court then proceeds to ascertain the cause of the child's delinquency, and these causes are multitudinous and multifarious. Often it is mere parental neglect, often starvation, some physical disease produced by either of these, adenoids or other curable trouble, or conditions, which may be remedied.

It is in the discovery of these causal conditions that the Woman's club and ministers and religious organizations can help, as they can in remedying the conditions and assisting the probation officer. The name, probation officer, signifies that the child is to be released on probation, and the conditions are ascertained and remedied, and the probation officer is to see that the conditions are kept so and the child reports to the court at proper intervals. How the co-operation of these others can aid the court is easy to see; and the various churches, and where there is foreign blood—races should be represented among the court's assistants, because the work should go on with the least possible religious and racial friction in the home, the preservation of which is the central idea of the juvenile system.

There are not so many cases in Paducah, that the strain upon the court's unsalaried assistants would be excessive, and direct contact thus brought about between the religious organizations and the great Woman's movement and the homes of delinquents will go far toward the application of curative policies to our social evils. The same method should be adopted in the treatment of colored delinquents, by enlisting the better element of colored people in the relief and redemption of their own people.

Of course, the attention of physicians should be given the delinquents. We would not wish to punish a child for the deleterious moral effects of a physical disability, or attempt the hopeless task of overcoming a physical defect by moral suasion. The expense need not worry us. It costs the county \$75 every time a boy is taken to the reform school, out of which there is a rakeoff for the officer accompanying him of from \$45 to \$60. We can afford to spend ten, twenty, fifty or even seventy-five dollars on each delinquent, if it will restore him to health and redeem him as a citizen. It will save us spending a like amount to send him to Lexington, to be turned in with a herd of other incorrigibles, absorbing their criminal knowledge and having it hardened in him by the pressure of severe, uncharitable discipline, and then returned to us a graduate criminal ready for his career.

We bespeak for County Judge Barkley this co-operation. We take him at his word, when he says he will endeavor to inaugurate a real juvenile court system, and believe no more deserving work presents itself to the women, the churches and the physicians, than that of saving the next generation from the curse that is imposed on this.

VOICE OF THE PEOPLE.

Save the Trees.
In the Monday issue of The Sun a recent "near accident" had given rise to the thought that three trees in the center of Fountain avenue should be cut down; as they were in the way of the run of the fire department.

Now it seems that the mind of man ought to devise some other way instead of the sacrifice of the trees. Just think of the great metropolitan cities, how their finest streets are more or less obstructed. First of all of the miles of streets with the elevated road running down the center with their prodigious pillars; then Park avenue, New York with its flower beds down the center from street to street; of the great brilliant Louisa square, the Plaza at Fort-second and Broadway with its superb standards of pyramided electric lights like giant candle sticks, directly in the driveway. And yet watch a run of the fire brigade! It is a sight never to be forgotten; thrilling even the blaze, cold-blooded multitude of New York into galvanizing life and breathless awe. The drivers bent forward, the skilled

hands guiding the lines of the tearing horses with such marvelous skill and technique that every object is clearly passed sweeping perfect curves of safety.

Fountain avenue is broader than any New York street unless it is Park avenue. It should in time to come be a stately boulevard with grass and trees down the center like St. Charles in New Orleans, Page boulevard St. Louis, and other beautiful thoroughfares of vast cities.

And just now when all energies are being bent to teach reverence for trees, to instill in the minds of the rising generation respect and appreciation of their usefulness, healthfulness and beauty, the bare suggestion to ruthlessly slay these superb trees of almost a century's growth seems nothing short of sacrilege. There surely is some better way. I would suggest let the street be better lighted and save the trees.—E. C.

Rivals.
Two Kentuckians, Representative James and Senator Paynter, were made members of the Ballinger investigating committee. As James will contest for Paynter's seat in the senate, everybody in Kentucky was anxious to see how these two gentlemen would acquit themselves on this important committee. But now Paynter is forced to retire on account of a sudden illness, and James will have all the glory, if there should be any, to himself.—Owensboro Inquirer.

COMMERCIAL CLUB

WILL ENTERTAIN OFFICIALS AT PALMER HOUSE.
Organization of Business Men Will Seek Closer Relations With Government.

A "get-together" dinner will be held by the Commercial club February 16 at the Palmer House. The guests will be the members of the general council, the school board and the fiscal court of the county. The object of the dinner will enable the legislative bodies of the city and council to become more familiar and work more in harmony for the upbuilding of McCracken county. It was intended to hold the dinner next Tuesday night, but it was postponed a week.

Secretary S. A. Fowler reported that the "Lookout" and the "Call-out," government boats, are at work preserving Livingston point, which was cut into by the heavy ice flows that passed down the Ohio river. The cutting away of the point has endangered Paducah's ice harbor. The government crews will be at work for several months building a protection for the point, as recently an appropriation of \$25,000 was secured for the work.

The Rev. William Bourquin, who will leave Paducah for Brooklyn, N. Y., was present last night by request. He stated that he might be able to co-operate with the club in securing immigrants for this section of Kentucky. The members agreed that Dr. Bourquin would be of valuable assistance, and a committee of W. F. Bradshaw, W. F. Paxton and W. F. Bradshaw, Jr., was appointed to co-operate with him.

CAUSES 95 PER CENT OF DISEASES.
Advice Concerning Stomach Troubles And How to Remedy Them.

Do not neglect indigestion which leads to all sorts of ills and complications. An eminent doctor once said that ninety-five per cent of all the ills of the human body have their origin in a disordered stomach. A physician who made a specialty of stomach troubles, particularly dyspepsia, after years of study perfected the formula from which Rexall Dyspepsia Tablets are made.

Our experience with Rexall Dyspepsia Tablets leads us to believe them to be the greatest remedy known for the relief of acute indigestion and chronic dyspepsia. Their ingredients are soothing and healing to the inflamed membrane of the stomach. They are rich in pepsin, one of the greatest digestive aids known to medicine. The relief they afford is almost immediate. Their use with persistency and regularity for a short time brings about a cessation of the pains caused by stomach disorders.

Rexall Dyspepsia Tablets will insure healthy appetite, aid digestion and promote nutrition. As evidence of our sincere faith in Rexall Dyspepsia Tablets, we ask you to try them at our risk. If they do not give you entire satisfaction, we will return you the money you paid us for them, without question or formality. They come in three sizes, prices 25 cents, 50 cents and \$1.00. Remember you can obtain them only at our store.—The Rexall Store, W. B. McPherson, Fourth and Broadway.

RAILROAD NOTES
To accept the position of chief clerk in the office of the master mechanic, Mr. Frank J. Theobald will leave tonight for East St. Louis to assume charge of his new duties.

Mr. Theobald has been chief timekeeper at the Paducah shops, and he was given the promotion as a reward for the splendid ability he has shown. He will be chief clerk to Joe F. Walker, who was formerly general foreman of the Paducah shops. As chief timekeeper Mr. Theobald will be succeeded by his first assistant, Mr. James Mulvin, while Mr. Leake Thompson will be made first assistant. Mr. Theobald has been with the Illinois Central railroad for several years.

Mr. Henry Harris has gone to Alexander, La. He is administrator of the estate of his brother, G. W. Harris, who resided in Louisiana.

Mr. Monroe Key, of the boiler-making department, has returned to work after a long illness.

Mr. Harry McLaughan, a boiler-maker, is ill of the grip at his home on South Eleventh street.

L. E. McCabe, assistant superintendent of the Louisville division, was in the city today on business.

TERRIBLE CROUP.

My little boy, who is four years old, has suffered a lot with croup. On several occasions we thought he was gone.

After trying all the old time remedies and most of the new, I came home one night at midnight, and my wife said, "The boy has the croup again—suppose you get a bottle of Hymel." "More junk," I said, "but we will circulate our money so they all get some."

I hastened to an all night drug store, brought it home. In five minutes he was breathing easier. In fifteen minutes he was sound asleep. It broke the croup so quickly it scared me.

Anyone wishing to cure the croup of a child I hope will give Hymel a trial.

Wishing you the best of success, which you surely deserve, I remain, Jos. E. Clark, 204 6th St. S. E., Washington, D. C. Oct. 7, 1909.

Hymel is a remarkably effective remedy in case of croup and it should be in every home where there is a croupy child. Full instructions how to cure croup comes with each outfit.

Complete Hymel outfit including inhaler costs \$1.00 at druggists everywhere and at Gilbert's drug store. It is guaranteed to cure catarrh, coughs and colds.

The Holy Spirit and Creation.
The second in the series of sermons on the Holy Spirit will be given tonight at the First Christian church by the Rev. W. A. Flite. He will speak tonight on "The Holy Spirit's Work in the Creation of the Universe and Man." Those who think are always interested in the origin of man and the things about him; and to those who are interested in such problems the sermon tonight will be of special appeal. A large congregation heard the sermon last Wednesday evening on "What is the Holy Spirit?" A larger attendance is expected tonight. The public is extended a very cordial invitation to hear the sermon tonight and the ones which are to follow.

Clerk Peters, of the senate, reported the joint rules as passed by the senate. They were adopted. Chairman Klair, of the municipal committee, reported favorably house bill 261, the corporation counsel "rigger" bill for Louisville, and house bills 49 and 107.

Klair also reported favorably house bill 140, relating to attendance of county school children at schools of third class cities; also 54, for appointment of medical inspector of schools in second class cities.

The same committee reported favorably the bill against empiricism and the house bill for the registration of births and deaths.

By a vote of 42 to 32 the house concurred in the senate resolution to adjourn Wednesday until Monday in order that the committee might visit the charitable institutions.

The committee on state capital reported favorably the bill appropriating \$50,000 for beautifying the state capital grounds. The same committee, having in charge the Wilson county bill, made a favorable report on creating the new county.

The same committee reported the Williams bill, unanimously favoring it. The bill provides penalties for drinking intoxicants on common carriers.

Chairman Schobeth, of the Kentucky statutes committee, reported a number of bills. The first was the Newell bill to make October 12 a legal holiday. Others were:

204—Act to display flags on school houses.

198—Amendment relating to re-ordination of options on land.

62—Steers bill, providing that gas oil be kept in red tanks.

246—Providing for scaling of verdicts by plaintiff in damage suits.

17—Providing for the registration of motor vehicles, amended so that money goes to county instead of to the state.

THE LEGISLATURE

(Continued from Page One.)

bill. When Lieut. Gov. Cox referred it to the Kentucky statutes committee, a motion was made to overrule the chair, which was carried, and the bill went to the committee on public morals, which is packed against the bill. The committee will report unfavorably and only a two-thirds vote can then overrule the committee and get a vote on the bill.

The vote on the appeal from President Cox's ruling referring the Watkins county unit bill to the committee on Kentucky statutes was as follows:

Against sustaining—L. W. Arnett, Beard, Catlett, Chipman, Combs, Dowling, Eaton, Hubble, Linn, Nagel, Mathers, Newcomb, G. A. Taylor, Tichenor, Wright and Wyatt, Total, 16.

For sustaining—B. M. Arnett, Bertram, Gus Brown, Burnam, Cureton, Donaldson, Graham, Griesby, Hogg, Jarvis, Prichard, J. T. Smith, Thoms and Watkins. Total, 14.

The pairs announced were: Bosworth with H. H. Smith, Ryan with R. B. Brown and Vice with E. M. Taylor. Bosworth and Ryan were against sustaining. Vice was for sustaining the chair. The absentees were A. J. Oliver, Republican, and R. M. Salmon, Democrat.

New bills were offered as follows: Gus Brown—Senate bill 244, providing open trial in divorce cases.

Gus Brown—Senate bill 243, making it a misdemeanor to list personality with the amount.

Senator Combs—245, authorizing cities of the second class to, by vote, incur special indebtedness.

On motion of Senator Linn, the senate proceeded to reference of bills to committees. Senate bill 38, the state fair bill, went to the appropriation committee. Senate bill 3, the anti-cigarette bill, to the committee on Kentucky statutes.

Senate bill 18, the trained nurse bill, to propositions and grievances; senate bill 110, the tuberculosis sanitarium measure, to appropriations; resolution 8, to pay for extra help for legislature, to appropriations; senate bill 122, the Hubble telephone regulation measure, to judiciary. Senator B. M. Arnett objected to it.

A senate resolution, providing that when the house adjourn on Wednesday it be until Monday to permit various committees to make inspection trips, was read in the house and adopted.

In the House.
In the house: Chairman Lillard Carter, of educational committee No. 1, reported favorably the bill for a uniform series of text-books in Kentucky. The same committee reported favorably H. B. No. 158, an act to set apart an arbor and bird day, the last Friday in March of each year. House bill 37 was reported favorably. It is also an educational bill, referring to election of school trustees.

Representative Chalm offered a resolution instructing the sergeant-at-arms to purchase flowers to be placed on the grave of Gov. Goebel on Thursday. It was adopted.

Representative Holland, of the insurance committee, reported house bill 45 favorably relating to investments; also house bill 186, to regulate certain kinds of insurance businesses.

Clerk Peters, of the senate, reported the joint rules as passed by the senate. They were adopted. Chairman Klair, of the municipal committee, reported favorably house bill 261, the corporation counsel "rigger" bill for Louisville, and house bills 49 and 107.

ONE MAN SAID

"Those Cold Tablets of yours are the greatest things I ever saw for knocking out a cold."
"They worked like a charm—and so quickly, too. Give me another box; I want 'em in the house all the time."
They'll do the same for you. If you have a bad cold, or just a slight one, stop at the store on your way home and start tonight—tomorrow night you'll be well.

IN SOCIAL CIRCLES

Miss Katterjohn and Mr. Cochran Marry Today.

A quiet home wedding took place this afternoon at 2:30 o'clock when Miss Genevieve Katterjohn was married to Mr. Boyd Cochran, who resides near Mayfield. The ceremony was performed by the Rev. G. T. Sullivan, pastor of the Broadway Methodist church, and was witnessed by only the relatives and intimate friends. The wedding was quiet owing to illness in the family of the bride.

The bride wore a pretty traveling suit of tan cloth with hat and gloves to harmonize. She is the daughter of Mr. Henry Katterjohn, 1008 Jones street, and is a young woman popular in a wide circle of friends. Mr. Cochran is a prosperous young farmer at Farmington, in Graves county, near Mayfield. He is an enterprising and popular young man.

The couple, accompanied by Mrs. John Greff, left at 4:20 o'clock for Mayfield and will reside in Graves county near Farmington.

Author of "Lady of Decoration" Compliments Clarksville Woman.

The following from the Clarksville Leaf-Chronicle will be of interest here, where Dr. Atkins has frequently visited her sister, Mrs. T. H. Puryear, and has many friends:

"Dr. Jessie B. Atkins is the recipient of a highly prized souvenir, a splendid likeness of Mrs. Fanny Caldwell Macaulay, the distinguished 'Lady of the Decoration.' It bore the autograph inscription: 'To the Lady of Blessed Ideals, with love from Fannie Caldwell Macaulay.' It is needless to say the recipient prizes the remembrance very greatly."

Senior Crescendo Club.

The Senior Crescendo club will meet in the studio of Miss Newell at 4:15 this afternoon.

Miss Frances Terrell to Entertain Entre Nous.

Miss Frances Terrell, 516 Kentucky avenue, will entertain the Entre Nous club at bridge on Friday afternoon at 2 o'clock.

Euchre Club With Miss Seebree.

Miss Elizabeth Seebree is hostess to the Euchre club this afternoon at 2:30 o'clock at her home, 419 Monroe street.

W. C. T. U. Program Meeting.

The Woman's Christian Temperance Union of Paducah will meet Thursday afternoon at 3 o'clock in the downstairs committee room of the Broadway Methodist church. It will be a "Mothers' Meeting," conducted by Mrs. F. B. May. There will be an attractive program of music and selected readings by a number of the members. A cordial invitation is extended to all interested persons to be present.

In County Court.

A power of attorney from the Fidelity and Deposit company of Maryland to W. A. Berry, C. C. Grassham, W. P. Hummel and F. Hummel, Jr., was filed.

Marrage Licenses.

Raymond McNeill, 21, of Carterville, Ill., farmer, and Florence Hill, 22, of Illinois.

W. D. Harmon, 22, of Herrin, Ill., miner, and Lora May Forbes, 21, of Illinois.

Appeal Granted.

Attorneys Hendrick & Corbett today received notice that their application for an appeal in the case of James Kincaid, administrator, against the Paducah Traction company, had been granted by the appellate court. The traction company was sued for \$20,000 damages for the death of Thomas Kincaid, who was run over by a Third street car. A judgment against the traction company was not secured in the McCracken circuit court, and the case was appealed.

WIFE FAITHFUL

MRS. RICH THINKS HER HUSBAND DEMENTED.

He Sends Checks Back From St. Louis—Drew a Good Salary.

Mayfield, Ky., Feb. 2.—Since a closer investigation of the affairs of J. H. Rich, it turns out that he may not be so far behind in his accounts as he was first thought to be.

He mailed several checks from St. Louis to parties here for money he owed, but so far they have not been cashed and may finally prove to be no good.

His wife believes his mind is not right and that as soon as he comes to himself he will return home and fix up everything all right.

She doesn't believe there was any woman mixed up in the case, as he had always been a kind and loving husband, never staying out late at night, but always in line with the best of husbands. He never drank or gambled.

He received \$100 per month for his services and made some money besides, which was a nice salary and from a business standpoint there was no excuse of his leaving.

One Trainman Killed.

Cincinnati, Feb. 2.—One trainman was killed and three were seriously injured when a Baltimore & Ohio freight and a Big Four freight collided at Whinton Place, near here, this morning.

Dr. J. B. Acece has gone to Marietta, Tex., on a visit to his sister, Mrs. Mary Ed Stubblefield.

MUST HAVE HURT DREADFULLY

From the Letter Recently Received From Mrs. E. Fournier, of Lake Charles, La., Her Suffering Must Have Been Dreadful.

Lake Charles, La., — "I had no courage or patience left," writes Mrs. E. Fournier, of this place, "as a result of my great suffering."

"I had backache, headache, heart palpitation, chills, fainting spells, sick stomach, nervousness, dragging sensations and thought every month I should die."

"No doctor could relieve me and the month before I began to take Cardui, I could hardly walk. I could not wear my corset, and had a pain in my right side."

"Since taking Cardui, I have no more pain. I can walk as far as I want and am feeling like a different woman."

If you suffer from any of the symptoms described by Mrs. Fournier you are urged to take Cardui, for it should surely do as much for you as it has done for her.

If you are weak and ailing, suffer from lack of appetite, lack of blood, lack of nervous vitality, Cardui is probably just what you need to help you build up your physical and nervous constitution.

It builds, strengthens, restores and acts in every way as a specific, tonic remedy, for womanly weakness. See your druggist about it.

street. It is one of the regular series of fortnightly dances this winter.

List For the German Club's February Dance.

The list for the German club's dance on the evening of Monday, February 7, goes on at Culley's tomorrow. It will be quite a brilliant pre-Lenten affair and the club will not entertain again until the Easter german.

Sidney Lanier Afternoon at Woman's Club.

The Woman's club will meet in regular fortnightly session Thursday afternoon at 2:30 o'clock at the club house. In the absence of Mrs. James A. Rudy from the city, Mrs. Robert Becker Phillips will preside. It is hoped that all the members will be present.

The usual informal Tea will be served in the library just following the business session and before the open meeting. Mrs. John Quincy Taylor will preside at the tea table.

The Literature department of the club, Miss Helen Bullitt Lowry chairman, will present a literary and musical program at 3:30 o'clock in the auditorium. It will be a Sidney Lanier afternoon in honor of it being the birthday of Lanier. The musical numbers will be especially attractive and will include poems of Lanier, James Whitcomb Riley, Eugene Fields and Henry Van Dyke that have been set to music, sung by some of Paducah's most notable singers. The program is:

1. Introductory, "The Relation of Poetry to Life of the Present Day"—Miss Helen Bullitt Lowry, chairman of the Literature department.

2. (a) "There, Little Girl, Don't Cry"—Words by James Whitcomb Riley. Music by Edward Champion. (b) "Little Boy Blue"—Words by Eugene Fields. Music by Levin—Mrs. Roy Gresham.

3. Sidney Lanier, Man and Poet—Miss Susan Morton.

4. "The Master and the Trees"—Words by Sidney Lanier—Miss Anne Bradshaw, soprano; Mrs. S. T. Hubbard, alto; Mr. John U. Robinson, tenor; Mr. Robert Scott, bass.

5. "A Lover's Envy"—Words by Henry Van Dyke. Music by George Champion—Miss Anne Bradshaw.

A Pleasant Event.

Mr. and Mrs. Byrd Hodge, of the Husbands road, entertained a number of their friends last Saturday evening with a musical. A most enjoyable time was spent. Those present were: Mr. and Mrs. Ed Ham, Mr. and Mrs. Byrd Hodge, Mr. and Mrs. Ed Rikel, Mr. and Mrs. John Hodge, Mr. and Mrs. Henry Korte, Mrs. Anna Williams; Misses Mattie Mannings, Maude Joyner, Johnnie Lane, Mary Jones, Daisy Swyers, Ollie Manning, Iva James, Ruby Lane, Jennie Barfield, Virginia Galt, Lucy Barfield, Lola Duran, Beulah Ham, Frances Barfield, Nellie Lane, Carrie Korte, Emma May Rikel, Elsie Babb, Sarah Hodge, Edna Mannings, Bettie Mannings, Kate Lane; Messrs. Will Lane, Will Barfield, Jim Ridley, Fred Herzog, Julian Switzer, John Endress, Marion Farmer, Tom Hall, Arthur Switzer, Guess Jones, Lonnie Steger, Willis Joyner, Albert Mannings, Fred Jones, Fred Christmas, Leon Ridley, Mabel Ridley, Clarence Rikel, Ed Korte, Fred Rikel, Herman Korte, Byrd Rikel, Frank Korte, Sam Jones, Lenon Lane, George Hodge, Cliff Brockwell, Willie Williams, Jimmie Switzer, Billie Hodge, Racie Sparks, Jim Korte, Herbert Houseman, Fred Steger, Earl Ham, Inie Ham, Rube Ham, Page Hodge.

Brilliant Recital Last Night.

Miss Anna Florence Smith, of Boston, greatly delighted her audience last night at the Kentucky Avenue Presbyterian church. The program was a most attractive combination of music and readings, and was given charmingly by Miss Smith, who is one of the many-talented people. Mrs. George B. Hart skillfully accompanied on the piano Miss Smith's vocal numbers, and rendered in an artistically brilliant way Gottschalk's "Tremolo" as a piano solo.

Social Club.

The Lutheran Social club will hold its regular monthly meeting tonight at the school house on South Fourth street.

Elks Dance Friday Night.

The Elks will entertain with a dance on Friday evening at their hospitable home on North Fifth

Mr. James Green, of Mayfield, was in the city today.

Mrs. John Rock returned last night from Cleveland, where she was called to attend the funeral of her mother.

TWO FIRES

KEPT THE FIRE DEPARTMENT BUSILY EMPLOYED.

Two fires kept the firemen on the hop last night. However, the fire ladders reached both blazes before the damage amounted to anything beyond a few cents. The first alarm was received at 6:45 o'clock from the boarding house of Mrs. Kittinger, 1005 Broadway. A mattress was discovered on fire and filled the rooms with smoke. Hose company, No. 3, and truck company, No. 4, responded to the alarm and carried the burning bed clothes out of the house.

At midnight a frame shack at Clements and Yester street was discovered on fire. The third time it was on fire within a few months. It is owned by Peter Eley, of Benton, and is vacant. Fire companies, Nos. 2 and 4, were called out.

In Bankruptcy.

In the District Court of the United States for the Western District of Kentucky, in bankruptcy.

In the matter of Ben Michael, a bankrupt.

On this 1st day of February, A. D. 1910, on considering the petition of the aforesaid bankrupt for discharge, filed on the 31st day of January, A. D. 1910, it is ordered by the court that a hearing be had upon the same on the 12th day of February, A. D. 1910, before said court at Louisville, said district, at 10 o'clock in the forenoon, or as near thereto as practicable; and that notice thereof be published 1 time in The Paducah Sun, a newspaper printed in said district, and that all known creditors and other persons in interest may appear at said time and place to show cause why, if any they have, why the prayer of the said petitioner should not be granted.

Witness the Honorable Walter Evans, judge of the said court, and the seal thereof, at Paducah, in said district, on the 1st day of February, A. D. 1910.

J. R. PURYEAR, Clerk.

Court of Appeals.

Frankfort, Ky., Feb. 2.—In the court of appeals:

Paducah Cooperative Co. vs. Paducah Veneer and Lumber Co.; appellant filed motion to be allowed to withdraw an original exhibit; motion submitted.

Clayton vs. Maller, Warren; submitted.

Livingston County Bank vs. First State Bank, Livingston; appellee filed response to petition for rehearing.

Gilbert vs. Griffiths, etc., McCracken; agreement and brief allowed to be filed.

Dog Frightens Burglar.

An unknown man tried to force an entrance into the grocery and saloon of James M. Rickman, 1047 Washington street, early this morning. The son of Mr. Rickman sleeps at the store, and he was awakened by a sound of crashing glass. He thought it was a bottle that had fallen from a shelf. Soon a dog discovered the prowler and frightened him away. Then Mr. Rickman discovered that the man had broken out a window and was trying to force his way into the building.

Dangerously Wounded.

Fulton, Ky., Feb. 2.—Carlisle Ridgeway, a son of Peter Ridgeway, residing east of town, was shot in the thigh and dangerously wounded last night at the home of Bill Woods. There was a singing on for the evening at the Woods' home, and there was a general melee, during which, while some one was shooting at Bradford Woods, the son of Bill Woods, the revolver was knocked to one side and the ball entered young Ridgeway's thigh. If the bullet had gone two inches higher it would have been fatal.

Miss Nell Shaw is the guest of Miss Mary Crenshaw at Hopkinsville.

Mr. Robert Chowning, of Fulton, was in the city yesterday on business.

DIRE DISTRESS.

It Is Near at Hand to Hundreds of Paducah Readers.

Don't neglect an aching back. Backache is the kidney's cry for help.

Neglect hurrying to their aid. Means that urinary troubles follow quickly.

Dire distress, diabetes, Bright's disease.

Profit by a Paducah citizen's experience.

J. H. Short, 1602 Broad street, Paducah, Ky., says: "Doan's Kidney Pills gave entire satisfaction in my case and consequently, I do not hesitate to recommend them. I suffered from a dull pain in my kidneys and hips and at times I found it impossible to stoop. The kidney secretions passed very irregularly and their unnatural appearance gave proof that my kidneys were affected. It took Doan's Kidney Pills, procured at the 1st Drug Co., only a short time to drive these troubles away. I must say that I never used a remedy that acted so promptly and brought such beneficial results."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name — Doan's — and take no other.

Burton Gives Bond.

L. Burton, who was indicted this week for alleged complicity in the murder of R. J. Bugg, was granted \$5,000 bond yesterday. The preliminary trial was held before Judge J. C. Speight, of Mayfield, and it required all day to try the case. Many witnesses were examined, but Burton was held over to the grand jury.

Life on Panama Canal

has had one frightful drawback—malaria trouble—that has brought suffering and death to thousands. The germs cause chills, fever and ague, biliousness, jaundice, lassitude, weakness and general debility. But Electric Bitters never fail to destroy them and cure malaria troubles. "Three bottles completely cured me of a very severe attack of malaria," writes Wm. A. Fretwell, of Lucama, N. C., "and I've had good health ever since." Cures Stomach, Liver and Kidney Troubles, and prevents Typhoid. 50c. Guaranteed by all druggists.

FORMER SHERIFF
OGILVIE THROUGHSECURES QUIETUS FROM COUNTY
FISCAL COURT.

Rules Were Adopted Governing the McCracken County Almshouse Yesterday.

CLARK'S RIVER OBSTRUCTION

All was serene yesterday afternoon when the final settlement with former Sheriff John W. Ogilvie was made by the fiscal court, and the former sheriff was granted his quietus. An investigation by county officials had determined that in the land sales and personal property were \$499.70 worth of taxes that could be collected. Mr. Ogilvie never denied it, but wanted to make the settlement, and now he will collect the taxes and reimburse himself. By this method Mr. Ogilvie will have his books clean when he collects the money due him personally, for he has paid the money to the county, and will be ready to retire from office without any confusion or further thoughts of a settlement with the county.

When it was explained to the court, Magistrate Emery made the motion that the settlement be accepted and Mr. Ogilvie turn over his check for \$499.70 payable to the county. Mr. Ogilvie has one year in which to collect the money, which he has paid to the county.

The magistrates unanimously accepted an invitation from the Commercial club to be present at a dinner to be given at the Palmer House next Tuesday night. The dinner will be for all of the legislative bodies of the city and county to get together.

County Attorney Sanders E. Clay was authorized to proceed to collect money due the county by reason of Smedley's defaultations while he was deputy county clerk.

It was reported to the court that much drift had accumulated in Clark's river above the Clark's river bridge, owing to the supporters of the new bridge catching the drift. The Vincennes Bridge company has assured the county that the timber will be removed.

About 1,000 loads of dirt will be needed at the Clark's river bridge. The county judge, county attorney, and the road supervisor were authorized to open bids. Each bid must be accompanied by a certified check of \$25, and the successful bidder must execute bond.

County Judge A. W. Barkley was authorized to borrow any sum of money that might be necessary to pay current expenses until taxes begin to come in.

The Almshouse

The resolutions adopted for the almshouse yesterday were:

"We find that a set of rules and regulations for the government of the sanitarium is very necessary. We recommend that no inmates be admitted to the sanitarium until they have a bath and clean clothes be obtained for them.

"We find the laundry arrangements very bad and we recommend a steam sterilizing laundry. Some provision should be made to separate the consumptive and other contagious diseased persons in a separate building from the others. A room should be provided for the dead separate from the main buildings so that a corpse may be cared for until buried."

"No children between the ages of three and 15 years should be admitted into the sanitarium. Some arrangement should be made to separate the dining room from the kitchen. We believe some good person or a trained nurse should be employed to care for the sick and helpless.

Rules and Regulations.

"The keeper must be a man of good morals.

"The keeper must be on duty at all times except when he has a permit from the county judge or the chairman of the sanitarium committee, to leave.

"The keeper when away must leave some competent person or persons in charge during his absence.

"It will be the duty of the keeper to see after the sanitary condition of each ward daily and keep them in good sanitary condition.

"It will be the duty of the keeper to see that no profane or vulgar or immoral conduct of any kind is indulged in at or on the premises of the sanitarium.

"The inmates must have humane treatment at all times.

"It will be the duty of the keeper to see that the sick get their medi-

cine and diet according to the instructions of the county physician.

"It will be the duty of the keeper when one of the inmates dies to notify the proper authority at once.

"It will be the duty of the keeper to give the inmates two meals of good wholesome food per day from the first of October until the first day of April. And three meals per day from the first day of April until the first day of October of each year meal hours to be agreed upon between the sanitarium committee and keeper. It will be the duty of the keeper to see that each inmate takes a bath once a week unless sick or otherwise unable left to the discretion of the county physician.

"It will be the duty of the keeper to see that the well inmates do light work and take exercise, such as the county physician may think they are able to do and take.

"Any keeper or county physician refusing to comply with the foregoing rules will be asked to offer his resignation.

Rules for the Physician.

"He must be a man of good morals.

"It will be the duty of the county physician to visit the sanitarium once per day and oftener if necessary and administer such medical aid and assistance as he sees necessary.

"It will be the duty of the county physician to notify the county sanitarium committee of any contagious disease that may break out at that place.

Rules and Regulations For Inmates.

"The inmates will be under the control and supervision of the keeper at all times.

"The inmates must not use any profane or vulgar language or indulge in any immoral conduct.

"The inmates will be required to take a bath once a week unless sick or otherwise disabled.

"The inmates will be required to take exercise and work such as they are able to perform, unless sick or otherwise disabled, left to the discretion of the county physician.

"Any inmate refusing to obey or comply with the rules and regulations will be denied the privilege of remaining at the sanitarium."

Thank Col. Singleton.

Be it resolved by the fiscal court of McCracken county:

That the thanks of this court be expressed to Col. Gus G. Singleton and his efficient deputies for their uniform courtesy to the court and we commend them to the people of the county as efficient and courteous officials. Resolved further:

That these resolutions be spread upon the records of the court and that the papers of the city of Paducah publish a copy thereof in their next daily issues.

The members of the court were entertained royally yesterday. Col. Singleton passed around a basket of apples. As it was near noon the apples were enjoyed by everybody. Yesterday afternoon former Sheriff John W. Ogilvie was host and passed around cigars.

The woman who has a good figure is always willing to admit it.

HIS FATHER

APPOINTED PROBATION OFFICER
BY COUNTY JUDGE.

Says He Will Study the Method and System Employed in Jefferson County.

County Judge Alben W. Barkley has appointed his father, J. W. Barkley, county probation officer, succeeding Jack W. Nelson, who resigned. It has been known for some time who would receive the appointment, but Mr. Nelson was allowed to serve an extra month before the new officer took charge of his office. It is the intention of Mr. Barkley to co-operate with the police department in the handling of bad children. County Judge Barkley intends to establish a real juvenile court, and has secured information how the Jefferson juvenile court is operated. Mr. J. W. Barkley will look after the children, and in addition will investigate the charity cases that are reported to the county. Mr. Nelson served for 13 months, having been appointed by former County Judge Lightfoot. The office pays \$100 a month.

Two fast and clean games of basketball were played last night before a large crowd that whooped and yelled until the last basket was thrown. The Indians proved easy

game for the C. C. & W. quintet, as the Reds were taken into camp by a score of 31-1. The L. & P. team gave the D. A. D. a hard fight, but the first boys won 10-7. The games were hard fought. Four teams are now closely bunched, and it is safe to say that the pennant will rest in the hands of one of the big four.

The Best Hour of Life

is when you do some great deed or discover some wonderful fact. This hour came to J. R. Pitt, of Rocky Mt., N. C., when he was suffering intensely, as he says, "from the worst cold I ever had, I then proved to my great satisfaction, what a wonderful Cold and Cough cure Dr. King's New Discovery is. For, after taking one bottle, I was entirely cured. You can't say anything too good of a medicine like that." Its the surest and best remedy for diseased lungs, Hemorrhages, LaGrippe, Asthma, Hay Fever—any Throat or Lung Trouble, 50c., \$1.00. Trial bottle free. Guaranteed by all druggists.

TEACHERS' PAY

WILL BE FORTHCOMING WITH-
OUT A QUORUM.

All efforts to get a quorum of the members of the school board failed last night. For two hours President Hills tried to get a seventh member, so that business could be transacted, but it was useless. Trustees Ferguson and Hubbard were out of the city. Trustee Saltzgriver was ill. Trustee Nicholas was prevented from attending owing to his business, while it was impossible to reach Trustees

Bradley and Morris by telephone. President Hills called the board to order, and as there was no quorum business could not be transacted. Bills could not be paid, but it was decided that urgent bills and the teachers should be paid anyway. The checks will be handed out, and at the next meeting the action will be ratified.

Flag Contest.

Last spring the Whittier school won the flag in the city clean up contest, but as a flagstaff has never been erected the public have never seen Old Glory unfurled. Trustee Karnes promised to see the contractors and if they failed to erect the pole to have it done and then present the bill. The flagstaff was a part of the contract. The pupils of the school desire to have a flag raising Washington's birthday.

It was decided to hold the next session of the school board February 28 instead of March 1. Superintendent Carmagey will attend the National Educational association, which will meet in Indianapolis March 1-4. He desires to be present at the school board meeting to present his monthly report, while he will attend the meeting in Indianapolis.

Present last night were: Trustees W. J. Hills, J. E. Broadway, William Karnes, C. G. Kelly, E. J. Pettit and H. G. Wells. The board adjourned last night to meet next Tuesday night.
